

Masterpiece

Winner of  
Construction Excellence Awards of  
the Building & Construction Authority  
in 2014 & 2010

# W Singapore Sentosa Cove

Constructed along the coastline of the Sentosa Island, the W Hotel is a 7-story building with 241 guestrooms and a basement floor. It is equipped with a 500-seat banquet hall, a yacht pier, high-end restaurants, swimming pools and a private spa. This luxury hotel is embellished with more than 3,000 unique designs and decorations applied to lightings, door knobs and other details in the lobby, elevators, guest rooms and other facilities. In addition, the hotel adopted various energy-efficient

and eco-friendly building techniques. The hotel is installed with heat exchange system that reuses the externally exhausted cold air and designed to allow indoor temperature to be lowered by 3°C even without operating air-conditioning system. Based on this, in 2010, the W Hotel received the Green Mark Platinum award, which is the highest award from the Building and Construction Authority in Singapore. Green Mark award is one of the world's three renowned eco-friendly building rating system. **S**

Hotel **241** Rooms
